

ACTIVITY: PLAN A HOLIDAY MEAL

Directions

Use the template below to plan a meal for your holiday aboard *Intrepid*. What foods are important to your family or community? Are there any foods you eat on special occasions? What foods would you miss if you were out to sea for many months at a time?

The template is a large rounded rectangle with a double-line border. It is divided into five smaller rounded shapes: three squares and two circles. The top row contains three shapes: a square on the left, a circle in the center, and a square on the right. The bottom row contains two large rounded rectangles side-by-side, each occupying the space of two squares from the top row.
